

Pharmacology	23
Study Design Objective	32
Chapter Two: Materials and methods	33
Subject Selection	33
Materials	37
Methods	38
1. General Study Procedure	38
2. Discussion of Study Design	39
3. Preparation of Stock Solution	42
4. Preparation of Candesartan Cilexetil Internal Standard	42
5. Preparation of Rhein in Plasma	42
6. Preparation of Quality Control (QC) Samples	42
7. Preparation of Sample	43
Method validation	44
Recovery	45
Calibration / Standard Curve	46
Accuracy	48
Precision	48
Sensitivity	48
Selectivity & Matrix interferences	49
Dilution integrity	49
