

Table 16	Results of stability test of esomeprazole after 48 hrs	65
Table 17	Results of stability test of tadalafil after 48 hrs	66
Table 18	Results of robustness regarding wavelength +3	69
Table 19	Results of robustness regarding wavelength -3	70
Table 20	Robustness regarding pH +0.2, pH=6.2	71
Table 21	Robustness regarding pH -0.2, pH =5.8	72
Table 22	Robustness regarding organic modified in mobile phase +5%	74
Table 23	Robustness regarding organic modified in mobile phase -5%	75
Table 24	Recovery % of test and reference formulation	77
Table 25	Peak purity for the standard ,active ingredient and placebo solution	79
Table 26	ANOVA single factor of esomeprazole for variation of day and equipment	84
Table 27	AVOVA single factor of tadalafil for variation of day and equipment	85
