

	interval) serum candesartan drug concentration after 4 hours of drug administration between single and combined drug use	
26.	Diagram with error bars comparing the mean (with its 95% confidence interval) serum candesartan drug concentration after 6 hours of drug administration between single and combined drug use	113
27.	Diagram with error bars comparing the mean (with its 95% confidence interval) serum candesartan drug concentration after half an hour of drug administration between single and combined drug use	114
28.	Diagram with error bars comparing the mean (with its 95% confidence interval) serum candesartan drug concentration after one hour of drug administration between single and combined drug use	115
29.	Diagram with error bars comparing the mean (with its 95% confidence interval) serum candesartan drug concentration after 2 hours of drug administration between single and combined drug use	116
30.	Diagram with error bars comparing the mean (with its 95% confidence interval) serum candesartan drug concentration after 3 hours of drug administration between single and combined drug use	117
31.	Diagram with error bars comparing the mean (with its 95% confidence interval) serum candesartan drug concentration after 4 hours of drug administration between single and combined drug use	118
32.	Diagram with error bars comparing the mean (with its 95% confidence interval) serum candesartan drug concentration after 6 hours of drug administration between single and combined drug use	119
