

And We indeed distribute this water among people so they may remember [God's blessings], but alas! Many people prefer disbelieving [over believing in God].

25:45-50

August 21

He lets two waters mix:
one is fresh water,
which is refreshingly drinkable
and the other is extremely salty,
bitter and undrinkable.
But He has set between them a perfect barrier
and complete partition.

And He has created, out of water, humankind,
[who can multiply] making kindred by
descent and by marriage.
Your Lord is the All-Capable.

25:53-54
