

# September 19

These are verses  
from the Book of Wisdom [the Qur'an],  
containing guidance and mercy  
for people who work to perfect their deeds,  
who perform their Salah prayers,  
who give to charity with their Zakah offerings,  
and who firmly believe in the Hereafter.  
They are guided by their Lord  
and are indeed truly successful.

31:2-5

God has created and supported the heavens  
on invisible pillars;  
has set firm mountains on earth  
to hold the ground steady under you;  
has filled it with every kind of moving creature.  
And We send down rain from the sky.  
Thus We have caused all lovely things to grow in pairs.  
This is entirely God's creation.  
Can you show me any such creations by lower gods?  
People who reject the Truth  
are indeed totally misguided.
