

Can you find it in yourself  
to deny any of your Lord's divine blessings?

55:1-13

# November 21

Have you considered the semen you carry within you?  
Did you create it,  
or did We?

We decreed the moment of death for each of you.  
And We will not be prevented  
from replacing all of you with other beings,  
fashioned in forms unknown to you.

You surely know the extent of God's first creation,  
yet you do not take heed.

And have you considered what you reap  
from the earth?

Did you grow it unaided,  
or are We the original grower?

If We wished,  
everything could be broken down into dust again  
and people would lament in their regret.
