Reports on CD

BRE material is also published quarterly on CD

Each CD contains:

- BRE reports published in the current year (accumulating throughout the year)
- A special feature: usually a themed compilation of BRE publications (for example on foundations or timber decay)

The CD collection gives you the opportunity to build a comprehensive library of BRE material at a fraction of the cost of printed copies.
As a subscriber you also benefit from a 20% discount on other BRE titles.
