

**What's your real job ? did cinema 4d break you down or that's not happen ????**

MY real job is a stay home dad, My wife makes all the big money, But I do all the animation Cg stuff for My church, which at time is very or alot to get done in short time..and now I starting to put out tutorials..my 1st one is doing very well.. Modeling with OD1..Plus I and other are starting On world gruop project called NeoN...that is all I can say about that for now.. but look for it soon..

**Do you using Photoshop with cinema ?Do you using any program to help you doing your work in cinema 4d or the cinema is complete one ??**

other apps or programs. I use paintshop pro and photoshop,and poser 6, that all for C4D right now.. but I use others to inhance work after for video.like Vegas 7,combustion 4,Media builder,quicktime pro, all to help put the final thouch on projects,

**Tell us story happened with you while you design some strange ??**  
Strange..hmm only thing I can think of is.. A toilet for church,Paster Jim wanted the word feeling flushed down the toilet..it was strange but I got it done..and it came out very well..sound and all..
